Introduction

Good morning/afternoon Students,

My name is <~~~>. I am working with Luigi Giussani Institute of Higher Education (LGIHE). We are carrying out an endline study on teaching and learning in this school so as to assess the achievement of the goals, objectives and indicators of the project. This project has been implemented in your school during the period 2017-2019.

As a learner in this school, you have been selected to take part in this study and therefore your participation is highly appreciated. All the information that you will provide is extremely confidential and will be used only by LGIHE. This exercise is intended to take about 30-45 minutes.

Thanks for your cooperation!
